

TRAILED FAR  
IN THE REARFair Harvard Outclassed  
on Water.

## YALE ALWAYS LED HER

At Finish Winner Was Eight Lengths Ahead—The Losers Splashed Badly.

New London, Conn., July 1.—Yale defeated Harvard in the annual boat race today, the race having been postponed from yesterday. The Yarsity eight got off at 11.15. Yale caught the water first and took the lead immediately by quarter of a length. At the three-quarters, Yale had opened a length.

Yale was rowing steadily, while Harvard was splashing. At the mile Yale led by a scant length, and Harvard picked up her stroke. In spite of their efforts, however, Yale had increased her lead to three lengths at the two mile and a half mark. When the finish line was crossed Yale led Harvard by eight lengths.

Official time, Yale 21:40.50; Harvard, 22:10.

Yale led the entire distance, and after passing the three and three-quarters mark the boat gradually increased its lead by steady rowing. Harvard splashed badly and was clearly outclassed.

With weather cloudy and threatening, the four-oared race was pulled off and was won by Harvard through an accident in the Yale boat, one of the men breaking an oar.

Harvard had the west coast and Yale the east. The start was made at 9:42.20. The boats sent off evenly, both crews pulling hard. The Crimson crew led to the mile and three-quarters mark, where they were passed by Yale who increased her lead to two lengths. Yale splashed near the finish and Harvard pulled steadily, passing the Blue. Yale lost on account of a broken oar. She had a handsome lead when the second man was seen to stop rowing.

This was the only thing that enabled Harvard to win.

The official time of the four-oared race was as follows: Harvard 10:12; Yale 10:15.

## NEW LONDON REGATTA.

Yale Wins the First Event, the Freshman Race.

New London, Conn., July 1.—A record breaking crowd was here for the annual Yale-Harvard boat races.

To Yale went the first honors of the day when the New Haven freshman eight crossed the line half a length ahead of the Harvard youngsters. The race was rowed in good water up stream, two miles from the railroad bridge to the navy yard. It was a pretty contest and was in doubt until the last stroke was pulled.

The start was superb, both crews catching the water simultaneously. For the first furlong Harvard more than held her own. At the half they were on even terms. With one mile traveled, Yale's stroke, slower than Harvard's, began to tell and soon the Yale shell was a full length ahead. A Harvard spurt cut this down one-half, but Yale met her rival's spurt and held the lead until the finish. The time was 10:20 1-5, unofficial.

## DOUBLE DROWNING.

Mrs. George Knowles and Daughter Thrown Into River By Capsizing of Boat.

Benson, July 1.—While fishing on Hubbardton river yesterday Mrs. George Knowles and daughter were drowned by the capsizing of their boat.

Mrs. Knowles, who with her husband and child, lives on the Daniel White farm in Benson, was out on the river in a boat fishing and was accompanied by her daughter and a Miss Monteny of Putnam. When near the bridge at O'Donnell's saw mill the boat was capsized in some way and the three occupants thrown into the water.

Miss Monteny after going down once succeeded in catching hold of one of the abutments of the bridge and was rescued by men who were attracted to the place by her screams.

After nearly an hour's work the bodies of Mrs. Knowles and her child were found, the child being clasped in the mother's arms. Mrs. Knowles is about 28 years old and is survived only by her husband.

The gas company began laying its mains in different parts of the city today. This work should be completed by the latter part of August when the company will be ready to furnish gas to its customers in the order in which the request for service has been received.

As the gas company offer to pipe their gas the first season into the cellars of their customers free of charge there is no valid excuse for anyone using anything but a gas range in the kitchen, because it costs so little, saves so much, and lasts so long.

BIG STRIKE  
MAY COMEMarble Men of Rutland  
Make Demands.

## OWNERS ARE RETICENT

One of Them Said Proposition of Workmen Was "Ridiculous and Stirred Up From Outside."

Rutland, July 1.—Unless the demands of the marble workers in this vicinity, made some time since, are recognized and met either today or tomorrow it is likely that a general strike will be declared.

The proposition affects three of the largest employing concerns in this section, the Vermont Marble Co., Rutland Florence Marble Co. and the Rutland Quarrying Co., and the reply has been in the hands of the employers for several days.

It is an elaborate affair containing ten clauses and demanding among other things a nine hour day, the recognition of the union in every respect including the union scale of wages and the abolishment of piece work.

The national officials who have been here conducting mass meetings and conducting negotiations stated that they expected a reply to the proposition by July 1, and gave the employers to understand that if the proposal was not accepted to the men would quit work on Saturday, July 2.

A prominent member of a marble firm said last night: "The proposition is to say the least ridiculous and no more unfavorable time could have been selected for such a demand than the present. The marble and granite business all over the country is slack and none of the firms would be seriously embarrassed by a shut down at present."

"The demand upon the employers is apparently the work of outside parties, professional agitators and walking delegates from outside the state. There have been no complaints from any of the workmen themselves."

"Vermont has long been a thorn in the flesh of the marble unions of the country. This same scheme has been tried here before unsuccessfully. It is probable that no attention will be paid by the employers to this demand, coming as it does from outside parties."

PLATTSBURG  
DEFEATEDBarre-Montpelier Ball  
Team Won Easily

## PLATTSBURGERS CHILDISH

They Didn't Want to Play in the Rain and Delayed the Game—Score Was 7 to 2.

The Barre-Montpelier team defeated the Plattsburghs in the Northern league series on the local grounds yesterday afternoon, by a score of 7 to 2, in what might have been an interesting game had it not been for the baby tactics used by the visitors in the fourth and fifth innings, seconded by the home team when they saw what the visitors were up to. Barre-Montpelier had secured a lead of five, to nothing in the first inning, and there appeared to be little prospect for the visitors to win while there did appear to be good prospects of rain. The Plattsburghs saw their chance and began to play off so that the required five innings to make a game could not be played. It began to sprinkle and then it rained, but the umpire Shea held them to their work, until five innings had been played. Then he called time. Fifteen minutes later the game was resumed, the rain having stopped and there was some good base ball.

But the home team had won the game in the first inning when it brought in five runs, and there was little question about the superiority of the Barre-Montpelier combination. The visitors managed to get two men around the bases.

Another large crowd saw the game, the bleachers being crowded and the grand stand almost full. Dresser was in the box for the home team, while Scanlon essayed to twirl for Plattsburgh. Dresser was a puzzle for the team across the Lake, what few hits they got being scattered so that they did not very heavily count. In the fourth inning Dresser retired the side on strikes. He also received excellent support from his team-mates. Scanlon did fairly well after the first inning, but then he was bumped hard enough to lose most any game.

After Plattsburgh had been retired easily in that inning, Poland came up and singled to left field. Dorman, the next man up, also singled, which planted Poland on third, from which point he a moment later took a daring chance and ran home while Scanlon was winding up to deliver the ball. Had Brennan held the ball Poland would have been out, but the catcher failed and the little right fielder went in with the first score. Meanwhile Dorman had got around to third and scored later on Apperious' out to center field. Nash was given a base on balls, and Burke singled. Then with two men on bases Morgan came to the bat and dropped the ball over the center field fence for the first home run of the local league season, while Nash and Burke trotted in ahead. By doing this feat Morgan becomes entitled to a pair of shoes offered by Shipman of Montpelier to the player doing it first. Stewart followed it up with a single but Dresser closed the inning by going out from the pitcher to first.

Poland made a pretty play in the second inning when he shut off Schultz from a hit. The latter knocked the ball into right and every one had started to chalk down a hit for him, when little Poland came in on the run, caught the ball on the bound and snapped it to Burke two, seconds before Schultz could touch the bag. Schultz sat down chagrined, and the crowd cheered Poland. From this point until the game was resumed after the rain the playing was farcical, Plattsburgh employing delay tactics and Barre-Montpelier trying to get through five innings so that the game would count in the league standing. The local players allowed themselves to be tagged out, and the visitors threw the ball all over the field. The crowd was disgusted. When they began to leave the bleachers the game was suspended. Each team scored twice afterwards, but the crowd had lost all interest in the game, as it was only a question of how much the victory would be. Attendance 1,100.

## BASE BALL NOTES.

Plattsburgh has a straight record of defeats.

Captain Morgan has been hitting the ball hard all the time. His home run hit yesterday was a pretty one.

The local team could scarcely be blamed for its tactics yesterday in view of the school boy actions of Plattsburgh in delaying the game.

Outfielders Barry and Curtin have been released by Burlington and Van Zant, the Nashua player, will be in the center garden today. Laurence is to be used in right as soon as Hartman is able to be back in the game at his old place at short.

## FORMER BARRE MAN

## DIED IN ALASKA

Fred J. Smith, Son of J. J. Smith, Frozen to Death—News Just Received.

J. J. Smith of Park street has just received the intelligence through a Boston paper of the death of his son, Fred J. Smith, at Norton Beach, Alaska, the last of March. The deceased, with George H. Woodruff, a native of Machias, Me., left Isaac's point March 29, and was undoubtedly lost in a snowstorm the same day while crossing Norton Bay on his way to Bouanza Creek. Both were found frozen to death on April 2, by Thomas Moon and three Eskimans.

In attempting to identify Mr. Smith, a letter was sent to Superintendent Pierce of the Boston police, the letter stating that the deceased was about 50 years old, complexion very dark, very large head, five feet, eight inches tall, general build muscular and symmetrical, weight 165 pounds, tattooed on arms, hands and back. The letter said that he learned the stonemason trade and further that he owned some unprospected land in that vicinity. The letter was signed by a score of men apparently friends of the deceased.

Fred Smith left Barre seven years ago for the west. He was 45 years old, instead of 50 as the letter stated. He was born in Bangor, Maine, and was unmarried.
